Old Columban Society

The Old Columban Society Bursary Fund

**“Giving back is an essential element of what it means to be an Old Columban.**

We all want to give our children the best opportunities, and giving to the Bursary Fund can make a big difference to the life of a child.”

**Dr. Ian Fraser,  
President of the  
Old Columban Society**

**The mission of the Old Columban Society, founded in 1909, is to keep Old Columbans in touch with one another and with the College, and also to support the College.**

In this spirit, the Old Columban Society (OCS) established the OCS Bursary Fund in 2011, which supports the children and grandchildren of Old Columbans.

For many and varying reasons, a number of OCs and their families have been unable to meet the full cost of the College fees. The main purpose of the Fund is to offer financial assistance to these individuals. The funds donated go directly to assist families in paying the College fees.

To maintain and nurture this Fund, the OCS encourages its members to commit to a suggested amount of €21\* per month or €250 per year, or whatever they are able to donate.

Promotion of and donations to the OCS Bursary Fund are managed through the St Columba’s College Development Office.

The College and the Old Columban Society are most grateful for support to the Bursary Fund and wish to extend our thanks to all who have enabled our Bursary pupils to flourish in the environment of St. Columba’s and on into their futures.

**“As a regular donor it gives me great satisfaction that my monthly donations are helping the children and grandchildren of Old Columbans to receive the many benefits of a Columban education.”**

**Current Supporter OC ’69**

\*Gifts over €21 per month or €250 per year allow the College to claim an additional tax relief on this contribution amplifying the impact of your gift.
